"Ashton has used the Richmond Chamber's board room for our quarterly executive meetings. The room is large, has excellent an AV set up, great lighting, climate control, and a fantastic white board to work on. We have a fairly large group of ten and it is very comfortable. The staff are all very welcoming. Before we arrived, the room with ready with hot coffee and water. Throughout the day they were attentive and made sure our experience was excellent. We find it critical to get out of our own office free of distraction for these meetings, and being so close to our office really makes this a great venue. If you are looking to host presentations or your own off site meetings I highly recommend it. Kudos to the staff of the chamber for providing an excellent experience for our team."
